A Webinar on Career Guidance in SSPS

We strongly believe in the notion that Education is essential for the enlightenment of an individual. In an endeavour to provide our students with meaningful experiences to enhance their career readiness, a digital conclave was organised on Friday, 22nd January, 2021 for students of class IX. The participants witnessed a session that focused on providing a multifarious perspective of the various career fields. The Resource Person Mr. Thomas John, made sure that there was no low point in the session. He gave everyone a clear perspective for the long run. All the factors affecting the choice of the students were addressed and the myths and superstitions regarding the choices were removed to a large extent. It was very informative and interactive and even quite fun.

How to start Planning your Career -

An interesting workshop on Career Guidance

An interesting Webinar on Career Counselling for Class XI was organized in SSPS today. The resource person Ms. Ratana asked the children about the career choice they want to opt for & why. She highlighted the importance of career guidance which will help the students make the wise choices related to their streams & careers. She emphasized the importance of developing specific skills & aptitude for specific careers. The role of Personality development was greatly highlighted in one's life. The different opportunities in Job market based on the changed scenario were also elaborated. It turned out to be an interactive & fruitful session for the children.

A talk with tree

I am a tree,
And I am not free
People used to cut me
Even I am a life key.
I give you everything,
Say what I give you nothing
You cut I cry,
You didn't used to try
I will not make you shy,
In giving you anything
instead of my life which is my.
I give you fruits and gum,
Not just some
Everything just come,
But don't become my problem

आज़ाद हूँ मैं

खुद से भी आज़ाद हूँ, मैं उड़ान के भी बाद हूँ
जुनून सिर पे लिए एक नहीं हजार हूँ,
धूप में बरसे जो वो बादलों की बौछार हूँ
आसमान में तारा, धरती पर चट्टान हूँ
अर्जुन का तीर भी और करण का मैं दान हूँ
खुद से भी आज़ाद हूँ, मैं उड़ान के भी बाद हूँ।
शोलो में भड़की आग हूँ, हर गीत का मैं राग हूँ
गुलाल में मैं लाल हूँ, जो भड़के वो बवाल हूँ
भीड़ में मैं मिसाल हूँ, बिना जवाब का सवाल हूँ
गंगा की ठंडक सी और सूर्य का मैं ताप हूँ
खुद से भी आज़ाद हूँ, मैं उड़ान के भी बाद हूँ।
कीचड़ में पंकज हूँ, गमले में गुलाब हूँ
चुनौती है पहाड़ सी तो मैं शेर की दहाड़ हूँ
पतझड़ में मैं बाहर हूँ, मैं सत्ता की सरकार हूँ।
रौनक हूँ घर की मैं, चिंताओं में जलती लाश हूँ
खुद से भी आज़ाद हूँ, मैं उड़ान के भी बाद हूँ।
वीर की पुकार हूँ, मैं रण की ललकार हूँ
वेद का ज्ञान है, मैं लंकेश सा महान हूँ
जो उठे और भटक जाये, मैं ऐसा न तूफ़ान हूँ
शूरवीरो से जो ना हिला, मैं अंगद का वो पाँव हूँ।
खुद से भी आज़ाद हूँ, मैं उड़ान के भी बाद हूँ।

AN EPITAPH

Once i was a child...
used to enjoy all aspects of life
my heart and mind were purely mild
along with my caring mother..
I thrived
Once I was a student...
busy cramming words
my heart and mind were totally
messed
along with my kind teachers
who pushed me forward
Once I was a teen...
used to find out ways to look smarter
my heart and mind were colonised
with western culture and art
Once I was an adult ...
over stressed ...over worked ,but
my mind and heart were overwhelmed
by my bunch of buddies and a lovely
girl
Once I was a father...
happy to cuddle a son.
my heart and mind were relieved
along with my wife , life was again
school and fun
Once I was a grandfather
lived in laughter and sighs
my mind and heart were weary
but my princess (grand daughter)
taught me to tweet and hike

AND NOW I AM DEAD
FIVE ELEMENTS LIE
BUT SPIRIT UNDERFERD

INDIA

TEACHERS

DAY

The place with most vibrant culture,
Where the people have altruistic nature,
And where great monuments lie,
This is India my pride

The tri colours of flag represents,
Fertility, peace and strength,
Where great warriors gave their life,
And soldiers did sacrifice.

The spirituality of India,
Makes the world great to India.
The great land of diversity,
Where strength lies in unity.

The plains, the mountains, the seas,
The birds, the animals, the trees,
From beautiful lakes to wonderful lands,
That's what make India grand.

TEACHER'S DAY

Our Gurus, Our Teachers
Our main leaders
They guide us what to do
And so we thank you

You are the one to clear our problems
Without your guidance we are incomplete
You teach us everything
So that we can compete

Without teachers life would have no class
No enjoyment, no encouragement
And nothing to spend hours

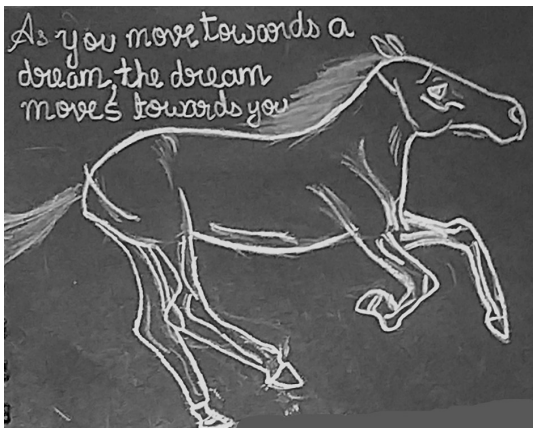

So thank you teachers
For teaching us in this pandemic
We will always be thankful to you
For making us grow intelligent in academies

EDUCATION

A good teacher can change anything
good education can change anyone
Good education is like savings account
the more you put into it, the richer you are
Good education is the greatest gift
you can give yourself or anyone else
A man without education is like
a building without foundation

TIME

Clock goes tick tick tick
Mom says "be on time, be quick,
Time is precious,
Time is money,
Make a time - table,
& follow it honey!"
Clock never turns back,
Once it starts.....
Time never comes back,
Once it pass.....
I promise to do things on time,
And keep a proper check,
So that I can always shine,
With happiness & success!

As we all have a Beautiful life
that depends on our cleanliness,
prosperity and self esteem.
If you lost it so you will feel
alone
just take care of it.

Environment in Danger

Our environment is affecting day by day due to pollution. There are various types of pollutions like water pollution, land pollution, air pollution etc. Pollution is destroying nature. Some are man-made pollution while others are natural pollution. The smoke that is emitted from the chimneys of the factories, from vehicles is the mixture of poisonous gases. Due to environmental pollution, the worst suffers are the plants and animals. They are extinct every day. No flora and the fauna are the safe here. Some animals are already in the list of endangered species. Due to water pollution, the Marine species are also dying. So try to save environment.
